CableDrop Mini

EVEN LITTLE CABLES GET OUT OF LINE

THE BELOVED CABLEDROP, NOW MINI.

It's the cable tamer you know and love, now smaller. Perfect for thinner peripheral cables, CableDrop Mini keeps wires where you want them discreetly, and ensures your connectors aren't slipping behind desks and nightstands.

SUGGESTED USE

Cables come in many different shapes and sizes. The guide below will help you determine what size CableDrop is the right fit for you to get the job done.
